

# JULIET HAS A GUN

## I am a River

### Verse:

This time I won't leave you my sound  
Cause I know this pain cloud in my brain,  
Oh not this time.  
Why did I write, emotional suicide,  
And it's not even like you're this great guy,  
Mhm, not this time.

### Chorus:

My love's colorful stream  
My head's still full of dreams  
I am a electrified heart  
I am a naked soul

### Verse:

Why be surprised, when I'm the one that's phantasized  
Watch me flow away, I'm a river baby, I've changed.

### Chorus

### Interlude

Disillusionment means healing  
From the deamons inside, inside  
Reillusionment means burning a  
and feeling alive, alive

### Verse:

This time I won't leave you my sound  
Watch me flow away, I'm a river baby, I've changed.  
I've changed, I've changed.
